

# **Computer Science Seminar Series on Entrepreneurship**

## **Entrepreneurship: A Venture Capital Industry Perspective**

Paul G. Lowell, Topspin Partners

11:15 – 12:30 Wednesday, December 3<sup>rd</sup>, 2008  
Room 200, Adams Hall

**ALL STUDENTS AND FACULTY ARE INVITED**

This is the second seminar in the series  
Entrepreneurship in the Computing Industry  
funded by NSF CPATH-TI grant 0829641/0829656 on  
Entrepreneurship Education and Leadership.

Paul G. Lowell will talk about Entrepreneurship and Innovation in Computing, the process of building and funding a sustainable and profitable business and the benefits of Entrepreneurship education in one's career.

Paul G. Lowell is a founding member and Managing Director of Topspin Partners, LP, [www.topspinpartners.com](http://www.topspinpartners.com). Topspin is a \$217 million NY partnership which primarily invests in early-stage, technology-based companies. Before moving to the venture capital industry, Paul was a Senior Vice President at Lehman Brothers, Inc. Bond Trading Dept. He graduated with a B.A. in Economics from Hofstra University and did post graduate work at the Graduate Center of CUNY.

**Refreshments will be served following the talk.**
